

→ **WELDING FIXING TOOL**

The Welding Fixing (Ref. 974) Tool is used to facilitate the welding process on a marine frame.

This re-usable tool is designed to hold the frame in position during the welding process, avoiding deformations due to high temperature.

→ **CLAMP TOOL**

The Clamp Tool (Ref. 969) is used to aid onsite installation.

This re-usable tool is designed to hold the blocks or cables in position during an installation, especially useful in horizontal frames, partial installations or when the amount of cables makes the installation uneasy.
